NORTH RIDGE, Laurel, MD

Set against a serene backdrop of mature woods and impeccably maintained landscaping, this extraordinary residence offers an oasis-like retreat, with four bedrooms, three and a half bathrooms, and three levels of luxurious living spaces. Every detail reflects exceptional craftsmanship, with custom finishes throughout, a neutral palette, and thoughtful touches such as remote-controlled draperies and dimmable lighting. As you arrive, beautiful landscaping and a covered front porch greets you. Inside, a dramatic two-story foyer welcomes with abundant natural light, a built-in bench, and striking modern fixtures. At the heart of the home, the gourmet chef's kitchen pairs functionality with elegance, showcasing imported soft-close cabinetry with under-cabinet lighting, stunning Taj Mahal quartzite counters and backsplash, and a waterfall island with seating. High-end JennAir appliances include a five-burner gas range, wall oven, built-in microwave, and coffee station, with hidden dishwasher and refrigerator that are seamlessly integrated. A potfiller, built-in range hood, and lighted desk nook further elevate the space. Flowing from the kitchen, a bay-window dining area opens to a balcony overlooking the backyard, while the living room boasts lighted built-ins, a bold accent wall, and sliding doors to the patio. Completing the main level are a mudroom, pantry, half bath, and a two-car garage. Upstairs, the impressive primary bedroom

showcases a soaring beamed cathedral ceiling with a decorative accent wall, two closets including a walk-in, and a dual-sided fireplace shared with the spa-inspired ensuite. A retreat of its own, the bathroom features dual vanities, a skylight, soaking tub, separate water closet, and an oversized walk-in shower with rainfall head, bench seating, and a lighted niche. Two additional bedrooms accented with custom trim moldings, a hall bathroom with a tub-shower, and a laundry closet complete this level. Downstairs, the finished lower level expands the living space with a recreation room highlighted by a custom wood-slat accent wall and sliding doors to the ground-level patio. A built-in office area provides functionality, while a versatile exercise room doubles as a second office or storage. A fourth bedroom and full bathroom with walk-in shower make this level ideal for guests or extended stays. Outdoor living reaches new heights with a spacious patio off the main level that has a built-in outdoor kitchen equipped with a Sunstone Ruby four-burner gas grill, dual-burner cooktop, refrigerator, and sink. The ground-level patio also includes a storage shed. Paradise awaits in the expansive backyard that serves as an inviting space for entertaining, complete with a patio, fire pit, and play area. Framed by impeccably designed, manicured landscaping, accent lighting, and an underground sprinkler system, the grounds feel like a private park.
